NO. M/023/0080

Notice is hereby given by the Division of Oil, Gas and Mining of its tentative decision to approve the Notice of Intention to Commence Large Mining Operations for Applied Minerals, Inc., Dragon Mine. Mining activities will affect portions of the following areas: S 1/2 of Section 30 and SW 1/4 of Section 29 and Section 31 of Township 10 South, Range 2 East; and Section 36, Township 10 South, Range 3 West, SLBM Juab

County, Utah.

Reclamation surety will be provided to the Division for the proposed disturbance. The operator will employ the following mining and reclamation techniques on approximately 40.3 acres of private and federal land.

During Operations:
Mining will occur both on the surface and using an existing decline. Much of the surface is covered with waste, material from previous operations, and the current operator intends to reprocess this material. Processing methods will include screening, grinding and air flotation, but no water or chemicals will be used.

After Operations:
All buildings and support facilities will be demolished with debris being removed or buried on site. The main access road will be left, but other roads will be ripped and seeded. Final dump slopes will be graded to be 3H:1V or less, and pit slopes affected by the operator will be 1H:1V or less steep. Waste dump areas will be recon-

toured if necessary using growth material that was not harvested prior to dump placement, then reseeded.

Any person or agency aggrieved by this tentative decision to issue approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Dana Dean, P.E., Associate Director of Mining, Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, 84114-5801, setting forth factual reasons for the complaint and if a hearing is desired.
